SURPOL KEYHOLDER DATABASE

Are you registered?

The Surrey Police Keyholder Database (SurPol) is the official method for registering your keyholders and vital emergency contact information for your home. Registration ensures the Police, Emergency Services and Local Authorities can access this information should an incident occur on your property whilst left un-attended. In order that any type of incident can be dealt with, the system has been extended to include GP's details, a preferred window boarder, plumber and your next of kin details.

WHAT YOU NEED TO KNOW

Registration is for 1 year and costs £12.00 which covers the cost of operating the system and protecting your data. We will write to you on the anniversary of registration inviting you to renew. A £1 donation from every registration is made to Neighbourhood Watch and any remaining monies are driven back into local Policing initiatives.

Your data is ONLY accessible to persons who are authorised and will ONLY be used in an official capacity should an incident occur at your property.

Written confirmation will be sent to you within 7 working days of registration, outlining your password details. It is recommended that you keep this safe and secure at all times.

Once registered you can easily update your details online or by calling the hotline. You can make as many changes to your details as you need to during the year. Any changes you make will immediately be visible to control room operators and other Surrey Emergency Services.
